Preface by the President of the German Karate Federation (DKV)

Wolfgang Weigert

President of the German Karate Federation

Dear friends of karate from all over the world,
for the German Karate Federation, it is both an honour and a duty to hold the 22nd Karate World Championships in Bremen. We would like to use them to globally present our sport as innovative and geared towards the media.

For the first time in the history of our sport, we will link popular sport with competitive sport: For three days, over 1000 of our spectators will practice with 86 top-trainers and pass exams up to the 8th Dan before they will be cheering for the athletes for five days during the World Championships.

The integration of the first World Championships for people with disabilities constitutes a further novelty. Karate can be practiced by every person independent of age or physical abilities - we impressively provide proof of this with the mutual World Championships.

„A time to make friends“, this is the slogan of the World Championships in Bremen.

A warmly welcome to all of you and let us enjoy together five unforgettable days of top-level karate sport.

Kind regards

A stylized, handwritten signature in black ink, appearing to read 'W. Weigert'. The signature is fluid and cursive, with a large loop at the end.

Wolfgang Weigert

President of the German Karate Federation

Preface by the President of the World Karate Federation (WKF)

Antonio ESPINÓS
President of the WKF

The entire WKF waits since long time, with great expectation and excitement, the arrival of big days for karate in Bremen. These wishes are also and without any doubt shared not only by the German Karate Federation but also by all those that in one way or another take part in the organisation of these twenty second World Senior Championships, that come back to Germany after the great ones celebrated in the year 2000 in Munich, and that on the other side were my first World Senior Championships as WKF President.

In the coordination visit that the WKF made to Bremen before the event, we have seen the strong support that the German Federation has been able to agglutinate, as well as the superb facilities that will be offered to the many delegations of the 5 continents. Between them, we want to highlight the ÖVB Arena, a splendid venue that will make possible the celebration of a high standard Championships and also by the vicinity and the outstanding conditions of the selected hotels.

Finally, I want to thank the President of the German Karate Federation and the whole organising team for their leadership, their hard work and their commitment to overcome all difficulties and be in condition to make this huge contribution to the World of Sport, and I also want to congratulate them for their success in having chosen a working team fully capable to face the successful organisation of this great world event.

A handwritten signature in black ink, which appears to read 'Antonio Espinós'.

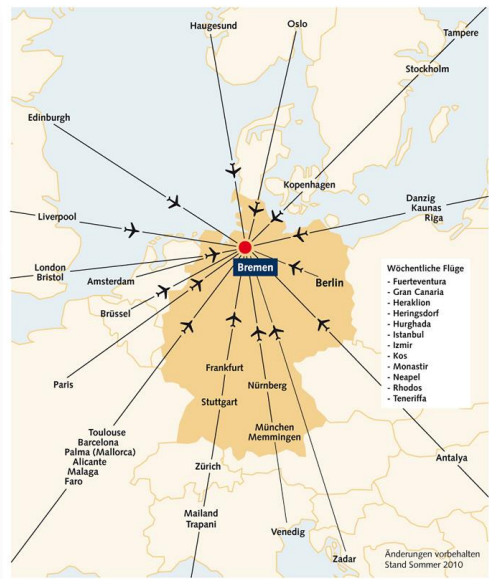

Antonio Espinós
WKF President
