## 20th Balkan Children

Championships 29.05-31.05.2015 – Herceg Novi, Montenegro

It is my great pleasure to invite children from the Balkan countries to come to Herceg Novi on the 20th Balkan Children Championship.

Bring together the whole Balkan in one place; it is a great honor and responsibility for Karate Federation of Balkan.

We hope that all participants will see and feel the energy, knowledge and hospitality of our hosts. This event is more than just a competition. It will be a combination of friendship, art, and karate.

I am convinced that Montenegro and Herceg Novi, are ready to justify the trust.

I wish that this event, for all participants and for the karate sport, be seen as wordless dialogue in the spirit of sport philosophy. Karate speaks all languages and connects all people and generations, regardless of race, sex and religion.

Best regards!

romantic primeval forest, which you can explore on an easy trail. Or the area around Lake Skadar, Europe's largest bird sanctuary. With this and many other measures our country endeavours to fulfil the article of our constitution as an "Ecological State". Growing areas of our land are being established as nature reserves and protected by law - naturally!

Historical treasures from the earliest settlements to the Njegoš Mausoleum on top of the mountain Lovcen: yes, naturally! Our varied history left its tracks from the Roman buildings that are still used as venues up to the fortifications built by the Habsburg realm – with a breathtaking view of the unique Bay of Kotor with its fascinating heart. Follow the Adriatic coastline south to the charming medieval village Budva and to the largest beach near Ulcinj: there is a lot waiting to be discovered. But we would like to induce you also to explore the interior of the country: the historical royal town Cetinje is just north of Budva. A very interesting excursion would be a trip to the Ostrog Monastery, where miracles are said to happen even today.

And you ought to meet the Montenegrin mountain people, too. Throughout our diverse history they learned to valiantly repulse invaders of all kinds – and to receive welcome guests with genuine hospitality. Do look them up in the scattered alpine cottages and experience a visit to friends.

Who will enjoy a holiday in Montenegro? Sunbathers and beach runners, adventurers and discoverers, fans of day- and nightlife, nature lovers and people looking for places of spiritual power: as a matter of fact, everybody.

## **Herceg Novi** **General data**

Archeological findings from Luštica witness the beginnings of the civilization in this region, back from the Neolithic and early bronze age. Evidence of humans living in Herceg Novi dates from its first known inhabitants – Illyrians.

Commercial opportunities attracted Greek traders in the 5th century B.C. In the 3rd century A.D., after defeating Illyrians, Roman Empire took over this region. After the fall of the Western Roman Empire, in 476, Byzantium ruled for six centuries. In the 7th century, the Slovenian tribes densely inhabited this region and around the area of today's Herceg Novi, the Dračevica parish was formed. Already from the 10th century, Dračevica loses its independence, becoming the pray of the Zeta dukes, but not for long because the period of the *Nemanjić* family was coming. Upon the death of Czar Dušan, Dračevica was governed by duke *Vojislav Vojinović*, and later on by the Balšić family.

The city of Herceg Novi was founded in 1382, when the Bosnian ban (provincial lord) King *Tvrtko I Kotromanić* instituted it in the Bay of Topla, with an intent to give it a commercial, maritime and craft role, and named it Sveti Stefan (St. Stephen).

As one the youngest cities on the Adriatic coast, it was called Novi (New), Castrum Novum, Castel Nuovo. It acquired its current name during the reign of Herceg (Duke) Stjepan Vukčić Kosača, when the city experienced its greatest progress. The Turks

conquered it in 1482 and, with a short pause between 1538 and 1539, when it was overtaken by the Spaniards, they ruled for about 200 years up until 1687.

Austro-Hungary controlled Herceg Novi until 1806, Russia for a year between 1806 and 1807, and France between 1807 and 1813. Even the temporary government of Montenegro and Boka Kotorska had control over Herceg Novi between 1813-1814. However, the city was under Austro-Hungarian control until 1918.

Henceforth many nations and civilizations dwelled on its soil, leaving deep traces on its history, culture and overall development. After the Turkish rule, the city was conquered by the Venetians, who reigned until the end of the Venetian Republic in 1797. From then on, there were frequent changes in the administration of Herceg Novi. The Austrians ruled until 1806. Hereafter, the administration was overtaken by the Russians, until 1807, and then the French governed until 1814. In the period from 1813 to 1814, the city was temporarily administered by the government of Montenegro and Bay of Kotor. From 1814 to 1918, the city was under the Austro-Hungarian administration.

Then the Serbs, Croats and Slovenians united to form a kingdom, somewhat later called Yugoslavia, and in 1923, the Bay of Boka precinct was annexed to it. In 1941, the city was occupied by the Italians, then the Germans, until the liberation on **October 28, 1944.**

### Climate

The area of the Bay of Kotor is characterized by a Mediterranean climate with dry and warm summers and mild winters. Herceg Novi has a specific microclimate, which is a result of southern exposition, proximity to the sea, limestone substratum and mountainous hinterland which prevents the breakthrough of cold air masses.

Herceg Novi has approximately 200 sunny days per annum. In July and August there are approximately 10,7 sunny hours per day.

Average annual temperature is 16,2<sup>0</sup> C (similar to Mediterranean cities of Naples and Lisbon).

There are frequent slight temperature oscillations, thus, the average daily temperature fluctuation is only 4<sup>0</sup> C. Average temperature from May to September is about 25<sup>0</sup> C, which provides a swimming season over 5 months long since the average summer sea temperature is rather high, between 22-26<sup>0</sup> C.

The annual average precipitation is 1.930 mm/m<sup>2</sup>, and relative air humidity is at its highest in the fall reaching 80%, and its lowest point is in the summer, i.e. 63%.

Characteristic winds, which blow in this region, are:

MAESTRAL (west - in summer),

BURA (north - in winter),

ŠILOK (south - throughout the year),

JUGO (south - mainly in winter).
