WKF & EKF PRESIDENT WELCOME

The Mediterranean Karate Championships have a long history within the World Karate Federation, gathering every year a rather strong group of National Karate Federations, with an outstanding karate tradition that always results in very high level events. This time the event is taking place in Tangier, thanks to the Morocco Karate Federation and its President Mohamed Mouktabil, that have emerged as the regional leadership within the WKF after many years of good and efficient work for the sport of Karate.

I also want to thank the MKFU President Bechir Cherif, that at the helm of the Mediterranean domain constitutes a guarantee for the World Karate Federation. Thanks to President Bechir Cherif, the Mediterranean Championships is today an event included in the annual WKF official sports calendar, raising the quality and the number of participating National Federations to levels difficult to imagine only a few years ago.

To all the participants, I wish you all the best in Tangier; enjoy the city and its beauties and also the impressive progress and development that has taken place in the last years.

Let me first express my joy to be in Tangier, a city full of Mediterranean history which is located on the Strait of Gibraltar where Africa meets Europe. Tangier has long held strategic importance. The city is more than two and a half millennia old; making it one of North Africa's most ancient.

I would like to thank the president Mohammed Mouktabil and all the members of the executive committee of the Morocco Karate federation for their effort in hosting the 26th Mediterranean Karate Federations Union's cadet, junior and under 21 year championship between 15 - 17 September 2017. Their hard work and commitment will guarantee the success of the championships since their experience in organizing WKF official events has been proven outstanding in the past.

Let me express my sincere appreciation to president Antonio Espinos for his extensive support in the endeavors of MKFU and more over for his outstanding work in succeeding joining karate in the Olympic program, a long way dream that he made reality for every karateka.

The championships provide the opportunity for participants to aim for Olympic values, principles and beliefs, in a true karate ideology. The essence of karate is the perfection of the character of its participants, with a fulfillment of joy, happiness and satisfaction. Our aim is to offer such a productive championship that is going to last in the memory of all participants for life.

TANGIER, MOROCCO: A CITY ON THE RISE

Enjoying a rich history and a unique geographical location, Tangier sits majestically between a sea and an ocean at the crossroads of several civilizations. With the opening of Tanger Med, the city is in the process of becoming one of the world's largest maritime hubs.

Over a long period of time Tangier has acted as a tourist and cultural capital of the Kingdom due to its mild and temperate climate, its superb landscapes and exclusive stamp allowing this lovely city to exude an intense feeling of well-being and serenity.

Tangier or Tanjah in Arabic, is actually a little stretch of paradise that has served as an inspiration to several artists from a wide range of disciplines. It is a genuine venue where a myriad of world influences converge.

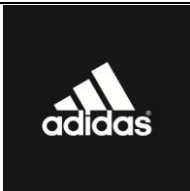

Apart from its multicultural and tourist aspects, the region of Tangier, via its various infrastructures, the quality of its resources and the diversity of its industrial fabric is currently Morocco's second ranking center of economic activity.
