A 10x10 grid of squares, some of which are shaded black. The pattern of black squares forms a series of L-shaped blocks that create a stepped, downward-sloping staircase effect from the top-left corner towards the bottom-right corner. The grid lines are thin and black.

A 10x10 grid showing a repeating pattern of black and white squares. The pattern consists of several L-shaped blocks of black squares. A vertical column of 10 white squares is on the left, followed by a vertical column of 10 black squares. The pattern repeats every 4 columns.

A 10x10 grid of squares, some filled with black and some with white. The pattern is as follows: Row 1: Black, White, White, White, Black, White, White, White, Black, White. A 10x10 grid of black and white squares. The pattern is composed of L-shaped blocks of three squares each, starting from the top-left corner and extending towards the bottom-right. The blocks are arranged in a staggered, stepped manner, creating a visual effect reminiscent of a staircase or a series of small hills. The grid has 10 columns and 10 rows, with the first column and row being black.
