Dear karate friends,

It is my utmost pleasure to invite you to this year's Balkan Karate Championships for Cadets, Juniors and U21, which will be held in Bar, Montenegro, from November 4 to November 6, 2022.

It makes me happy that Balkan Championships are becoming the most recognizable regional championships and consistently gather the best from karate in each age group. I trust that the

Karate Federation of Montenegro and their Local Organizing Committee, jointly with the Karate Federation of Balkan, will deliver an event you will truly appreciate and remember for a long time.

I look forward to seeing you all soon in Bar, and by then, I wish you a successful preparation period ahead!

MR. SLAVOLJUB PIPER

GENERAL SECRETARY OF THE KARATE FEDERATION OF BALKAN

Dear guests,
Dear athletes,
Friends of karate,

It's my great pleasure to welcome all participants of the 22nd Balkan Karate Championships for Cadets, Juniors and U21.

Montenegro and Bar are the traditional host of major sporting events such as this competition.

Reassemble the whole Balkans in one place; it is a great honor and responsibility for the Karate Federation of the Balkans.

By organizing this tournament, we wanted to show everyone how karate is positive, mass and popular sport. We hope that all participants and guests will see and feel the energy, knowledge and hospitality of the organizers of this competition and therefore will constantly return to compete.

This event is more than the competition itself. It will be a combination of friendship, art and karate. I am convinced that Montenegro and Bar, as many times before, are ready to justify the trust.

I wish that this event, for all participants and for the world karate sport, be seen as wordless dialogue in the spirit of sport philosophy. Karate speaks all languages and connects all people and generations, regardless of race, sex, religion and political status.

Let the best win!

MONTENEGRO

ABOUT MONTENEGRO

Montenegro (Montenegrin: Crna Gora), is located in South-eastern Europe. It has a coast on the Adriatic Sea to the south-west and is bordered by Croatia to the west, Bosnia and Herzegovina to the northwest, Serbia to the northeast, and Albania to the southeast. Its capital and largest city is Podgorica, while Cetinje is designated as the Prijestonica, meaning the former Royal Capital City.

The country got its name (literally, "black mountain") from the dark, mountain forests that cover the land. Some 60 percent of the country is more than 1,000m high, with the tallest peak Bobotov Kuk (Durmitor) reaching to 2,522m.

The coast of Montenegro is 294km long. A notable feature of the Montenegrin coast is Bay of Kotor, a fjord-like gulf, which is in fact a submerged river canyon. The Bay of Kotor is surrounded by mountains up to 1,000m high, which plunge almost vertically into the sea.

NATURAL BEAUTY

Back in 19th century, Lord Byron wrote "At the birth of our planet, the most beautiful encounter between the land and the sea must have happened at the coast of Montenegro. When the pearls of nature were sown, handfuls of them were cast on this soil." Montenegro still retains its natural charm and beauty. Architecture dating back to the 12th Century is still prevalent among the many UNESCO heritage towns and villages. Montenegro's natural beauty is dramatic; mountains dropping down to mirrored water in the UNESCO heritage Kotor bay and the crystal clear waters of the Adriatic lapping the sandy beaches of the coast. Although the gulf of Kotor is commonly referred to as a fjord, it was not formed by glacial movement and is in fact a ria (a drowned river canyon), but is by common consent, spectacular. Drive into the mountains to find undrowned river canyons (the Tara canyon being the second deepest in the world), glacial lakes, untouched nature and a fledgling ski and eco-tourism industry. On the coast, the climate is Mediterranean rising to 40 degrees in August, but cooler inland where the climate is Continental.

LAKE SKADAR NATIONAL PARK

When you go towards the sea from Podgorica Airport, you will find unexpectedly beautiful scenery. An expanse of turquoise water, covered with a carpet of waterlilies, interrupted by numerous islands... Welcome to the heart of Montenegro – Lake Skadar National Park! 222 km² of this remarkable ecosystem has been protected since 1983, and it has been on the Ramsar List of Wetlands of International Importance since 1995.

LOVČEN NATIONAL PARK

Here you can find one of the top places you have to visit while you are in Montenegro – Njegoš's mausoleum. This monument, to which you have to climb up 461 steps, is at the same time the grave of the ruler, poet, and philosopher Petar II Petrović Njegoš.

DURMITOR NATIONAL PARK

As you are getting closer to Žabljak, through gentle pastures, you will start to suspect that this is a special place. These 39,000 hectares of true, untouched beauty were declared a protected area in 1952, and is found on the UNESCO list of World Natural and Cultural Heritage. Besides the mountain giant Durmitor, the national park also covers the Tara, Draga, Sušica, and Komarnica Canyons, and Europe's most recently explored canyon – Nevidio.

BAR

The modern town with wide boulevards, surrounded by Mediterranean vegetation, the largest touristic and nautical centre at the entrance to the Adriatic Sea. Numerous cultural and historical monuments, the most important of which is the Old Town of Bar, situated 4 km away from the coast, are witnessing the turbulent history of the town. Today, its postcard consists of tourist facilities, restaurants, shops, sports fields and a marina with 1,150 berths.

Two equally beautiful shores of the municipality of Bar - the Adriatic Sea, which is 46 km long with 9 km of beaches, and Skadar Lake which is 65 km long, are ready to satisfy the diverse tastes of tourists. The names given to the beaches by the very tourists speak of their attractiveness and beauty: Pearl Coast, Golden Coast, Queen's Beach, Red Beach, etc.

OLD BAR

Meet Old Bar, a fortified town built on a steep cliff at the foot of Rumija mountain. Protected by a gorge on the north side and surrounded by ramparts, Old Bar had been the administrative centre from which the surrounding countries were ruled for centuries. The rulers had changed over two millennia: the Byzantines, the Slavs, the Venetians, the Turks... they all built their mark in this monumental town. It was only when the constant danger of war passed that Bar was able to leave its stone nest on the cliff and spread out comfortably in the field by the sea.

The location of Old Bar provides an opportunity for visitors to experience the panorama of the green Bar field, the new part of the town, the port, the open sea and Rumija mountain massif from the walls of the ramparts. A special attraction of Old Bar is the marketplace, where sellers dressed in traditional costumes of this region offer customers local products such as citrus fruits, olives, olive oil, cheese and various homemade handicrafts.

OLD OLIVE TREE

The Old Olive Tree, the symbol of Bar, is the oldest tree in Europe, more than 2,242 years old.

It is located in the settlement of Mirovica, on the fifth kilometre from Bar to Ulcinj. This natural monument is older than any written monument about Bar and its inhabitants. The Old Olive Tree in Mirovica is a natural monument protected by law in 1963. The diameter of the tree is 10 metres.

According to the legend, conflicted families gathered around the olive tree to make peace with one another – hence the name Mirovica (“peace” translates to “mir”).
